

The Course

The Warren Wilson College campus is consistently called one of the most beautiful in the country. The course will traverse fields, pastures, single-track trail, tree covered roads, and a spectacular pedestrian bridge. Although some of the run will have to take place on campus roads, the entire route is off public streets. **Due to the terrain, dogs and strollers are prohibited.**

The Cause

Big Brothers Big Sisters of WNC works with adults who want to make a difference and children who need a caring and constant presence in their lives. Kids with mentors are more likely to finish high school and enroll in college and less likely to join a gang or use drugs and alcohol. For many "Littles" a Big Brother or Big Sister can help them see possibilities that they never knew existed.

Adult volunteers, enrolled children, and their families are all interviewed to ensure that kids and grown ups share interests and will want to do similar activities. Volunteers are given training and background checks prior to being matched and receive ongoing support from our staff. The staff also work with families to ensure the relationship is strong and any other issues they may have get addressed.
